The way you access the Payroll Work Center from One.IU, is not changing. However, now instead of seeing:

You will see:
Click the “Payroll Administration” tile. You will see the HR Administration tile, but those links are included in your Payroll Administration tile.

After clicking the tile, the same pages you accessed through the Work Center will be on the left.
You can expand and collapse the individual navigation groups by clicking the arrow in the gray section heading bar.

To collapse or expand the navigation area, click the red tab.
If you have saved favorites, you will now access them by clicking the compass in the upper right hand corner, which will expand the navigation bar.

Simply select ‘My Favorites,’ and your favorites will appear.
To access the FMS website links that were available in the Work Center, click the arrow next to ‘Other Payroll Links.’

This will expand the area and provide you with the links.

Clicking one of these links will launch the page in a separate tab within your browser. Simply click the ‘x’ on that tab to close it and return to your HRMS navigation.
