FMS Tax Department will forward a tax questionnaire to you which you must complete and return to us. This will enable us to determine your tax residency and eligibility for reduced tax rates on your fellowship income. If you are not a resident of the U.S. for tax purposes, we are required to withhold taxes on any U.S. sourced fellowship income unless you qualify for tax treaty benefits and have filed the required forms with the FMS Tax Department. The federal tax withholding rate for nonresident alien fellowship income may be as high as 30%; the state tax rate is 3.4%. The federal rate may be reduced for individuals in certain visa statuses even if treaty benefits are not available. For more information on the taxability of scholarship and fellowship income, refer to IRS Publication 519. The following countries have tax treaties with the U.S., which may, in certain cases, exempt fellowship and scholarship income from taxes:
